

IMAGINE a different world...
If Jesus' followers were making disciples who make disciples.

Small Group Resources

Employing an age-stage model for developing Spirit-Empowered Disciples

The following resource kits are great tools that can be used for small group and one-on-one discipleship at your church, home group, or gathering of friends. These resources are designed to help you experience greater intimacy with the Lord and grow in rich relationship with others.

To help with this process of growth and becoming more like Christ, a framework of discipleship has been developed from Scripture focused upon, *Spirit-Empowered Faith*. Authentic Christianity can only be lived out by the help of the Spirit of God empowering us to **Love Him, Live His Word, Love People, and Live His Mission**. Therefore, 40 outcomes of what it would look like to live a Spirit-Empowered Faith have been developed and built around these four areas.

Resource Kits

Each of the following resource kits comes with a list of these 40 Outcomes of a *Spirit-Empowered Faith*, along with exercises to encounter Jesus, Experience Scripture and Engage in community with other Jesus followers. These outcomes have Scripture passages tied to them and come from a cluster analysis of several Greek and Hebrew words.

Additionally, a self-assessment resource is included to help you and your small group evaluate how you are becoming more like Christ through these outcomes. See what areas of strength exist for you and where you might have growth points at becoming a more faithful follower of Christ.
