

CENTER FOR TRANSPORTATION INNOVATION

April 1st, 2019

Dear Kentucky Resident,

The Center for Transportation Innovation, Department of Civil & Environmental Engineering, University of Louisville (CTI) invites you to share your opinions about automated vehicles by taking a brief survey.

Our research team at CTI, is conducting a state-wide research study that aims to first introduce Kentucky drivers to automated vehicle technology, and second to record your level of acceptance for use on roadways. Your response will be kept strictly confidential. We will **neither** ask for any personal identification information in the survey **nor** include any information in our research documents, analysis, presentations, or publications.

Your participation is voluntary. If you choose to participate, you are free to discontinue the survey at any time and/or skip questions. We will keep your identity confidential and will not ask for your personal information in the survey. Only your survey responses will be used in the analysis phase of the study. By answering survey questions, you give consent to us to use your answers in our data analysis. The survey will take about 15 minutes to complete. Please complete the survey by **April 30th, 2019** to be included in the study results.

If you have any questions about this study, please feel free to contact us at song.wang@louisville.edu. If you have suggestions or if you have any questions about your rights as a research volunteer, you may contact the University of Louisville Institutional Review Board at 502-852-5188 or toll-free at 1-877-852-1167.

Please let us know your thoughts and opinions about automated driving systems. The only thing needed to participate is a little of your time and enthusiasm to help make Kentucky's transportation system better! Your contribution is highly appreciated, and your feedback will provide us with information that will help make Kentucky's roads safer. Thank you for your interest and participation!

You can complete the survey via:

1. Online survey link: <https://www.surveymonkey.com/r/kyav>

or

2. Scanning this QR code using your smartphone:
