

Workforce Development

The Workforce Development Department at LCADD implements the Workforce Investment and Opportunity Act (WIOA). Department employees provide employment services to adults, youth, dislocated workers and trade-affected workers at One-Stop Career Centers and affiliate sites located within LCADD's 10-county area, plus Rockcastle, Laurel and Whitley counties. Employees who staff the centers offer a range of services from basic employment assistance to intensive career planning and assessment to training opportunities and job placement.
