# C&S Railroad In Eastern Park County

Denise and Tom Klinger

by

**Tom Klinger**

A broad ranging presentation on the C&S line from Estabrook to Como including fish trains, Park County resorts, ice trains, a wreck or two, charcoal and a bit of snow in the Park.

Tom and Denise Klinger have lived in Wheat Ridge since the early 1960s and are retired educators. Tom has had an interest in trains for more than 70 years; he has modeled trains and chased (photographed) trains for many years.

The Klingers have written four books on the Denver South Park & Pacific and the Colorado & Southern railroads. The interest in the two lines was fueled by the many trips along its right of way en route to their cabin in South Park.

Books include: *South Park's Gunnison Division Memories & Then Some*; *C&S Clear Creek Districts Memories & Then Some*; *C&S High Line Memories and Then Some* and *C&S Platte Canyon Memories & Then Some*.
