

PARK COUNTY HISTORICAL SOCIETY PRESENTS

"Drilling, Fracking, Earthquakes and Our Energy Bills

by

Lake George Geologist

John Rakowski

John Rakowski worked as an exploration and exploitation geologist in the oil and gas industry for over 40 years. He is now retired and living in the Florissant area.

**Dinner and History
Presentation**

Saturday, July 7

5:00 pm

**Hartsel Fire Station
86 Valley Avenue
Hartsel, CO 80449**

Members \$8 - Guests \$10

John will discuss the advantages of horizontal drilling and the evolution of “fracking” from post-Civil War times to the present. He will also delve into the advantages of fracking as well as the downsides of the process.

We’ll learn about the increased earthquake activity in the Mid-Continent region and why we have had a sudden increase in that activity. We’ll also discuss how horizontal drilling and fracking impact our energy bills.

The Historical Society hosts two summer dinners in Hartsel as a way of reaching out to the rural community. We welcome an invitation from other communities to host our Dinner and History Presentations.
