LIVING HOUSE PLANTS

Ann Parker - Superintendent

1. All plants must be clearly labeled with the common name, exhibitor and address.
2. All entries must be brought in Tuesday, August 14 between 8:30 a.m. and 6:30 p.m. Entries may be picked up between 8:30 a.m. and 11:00 a.m. on Monday, August 20.
3. Exhibitors are limited to non-professional growers.
4. No one exhibitor may have more than one exhibit per division.
5. No plant will be accepted showing signs of disease or insects.
6. Exhibitor must leave written instructions for watering plants.
7. No purchased flowers or foliage are permitted.
8. No artificial coloring or wiring is permitted.
9. Cut flowers and cut foliage must be displayed in a clean, clear container with a narrow neck to support the stem.
10. Cut flowers, cut foliage and floral arrangement exhibits must have all foliage below the water level of the display container removed.
11. Containers for houseplants and outdoor potted plants may not be larger than 12 inches wide (inside measurement) or 12 inches high; containers larger than the specified maximum size will disqualify the exhibit.
12. We reserve the right to refuse any plants that pose a risk to fair workers or to the public. For example, the leaves of a potted pineapple plant or large agave are dangerously sharp. We reserve the right to refuse any plants that have other unpleasant or adverse aspects. For example, a carrion flower emits an unpleasant odor that would hinder the public's enjoyment of the horticulture room. Noxious weeds and invasive plant species may not be exhibited.

SUGGESTIONS FOR CARE AND PREPARATION OF FLOWERS FOR EXHIBIT

1. Most varieties of flowers stay fresh if cut and hardened in deep water and put in a cool, dark place for several hours before exhibiting.
2. Before placing in water, strip the lower leaves from stems, but do not remove all foliage as clean, green leaves add to the attractiveness of the exhibits.
3. Weedy stemmed flowers, branches from trees and shrubs should have at least one inch at the base of the stem crushed to enable them to absorb water. Roses should be slant-cut.
4. PLEASE do not bring flowers that show signs of age. Freshness and cleanliness are important in winning blue ribbons.
5. Potted plants and hanging baskets should be clean and "groomed." Remove spots, dirt, insects or dead stems and leaves. Do not use oil or "Plant Shine" on foliage.
6. Please exhibit only 1 bloom, flower head, spray, stem or stalk per specimen.
