

*Undocumented Fairy Lamps (Cont'd)*

U-17

Brilliant blue Wee-size "fairy lamp" dome in clear ribbed Clarke cup. Meridan cast metal base, number 371. The dome on the Wee-size lamp cup is the bowl of a Victorian goblet. *Note:* The stem and a portion of the bowl has been removed to create the dome. 6.25"h.

U-18

Fairy Cricklite lamp cup and a bell-shaped Cricklite shade. Hand blown and tooled clear crystal standard with a domed base, horseshoe shaped sides, and an open circle top. There are ten raspberry prunts and two lion masks. 11.0"h.

U-19

Representative examples of bell shaped Cricklite domes with pegged Clarke crystal cups on various types of candlesticks. Shades include beaded fabric, metal, and wicker. These examples illustrate the various ways clear Cricklites could have been used.

U-20

Unusual frosted fairy lamp in the shape of a young woman. Matching pedestal base holds the candle. Air vents are in the back of the base and in the head. Rd No 145668 – Samuel Clarke, March March 12, 1890. 7.5"h.
