Financial Policy

It is vital for you and your family to have access to quality health and wellness care. Every attempt will be made to make this care affordable to you and your family. We would advise an insurance policy that allows you and your family to choose your own physician, not allowing managed care to undermine the quality and standards you deserve. Our office will file claims and facilitate payment from your insurance company (or third party payer), but please understand that your insurance policy is a contract between you, your employer, and the insurance company. If you have specific questions regarding your insurance coverage, please contact the member services number for the plan. We will submit claims for services rendered to your insurance company unless other payment arrangements are made within 24 hours of your initial visit.

Our financial policy will require that everyone make a payment at the time of treatment. We accept cash, check pr credit card. This may only be your deductible and/or estimated coinsurance, or office visit co-payment, but it is necessary for us to collect payments toward your portion at the time of service. If your insurance company should pay more than anticipated, then we will be happy to refund you any overpayment. If your insurance company should pay less than anticipated, then you may be billed for an additional amount.

Our policy for a patient whose insurance company pays them directly, we will bill you for any outstanding balance after receiving your pre-set payment amounts.

Our policy for a patient, who is being treated under a motor vehicle accident/personal injury case, there is a separate financial policy form. – See <u>Financial Policy for Personal Injury and Accident Patients Form</u>

Our policy for a patient who is being treated under a worker's compensation case will be required to provide us with your workers compensation claim/case number and carrier information within 1 week of the initial visit for this condition. If your workers compensation claim is denied, you agree to work with our billing department to make payment arrangements until the balance is paid in full. Our policy for a patient who does not have insurance or does not have a current card will be required to pay at the time of the visit.

We offer reasonable rates and payment plans for anyone uninsured. We offer a "pay as you go" plan or "Pay-At-Time-Of-Service" plan which incorporates discounted rates when you pay the same day as the service is rendered. We can offer our 'Pay At the Time of Service' rates to visits because they involve minimal paperwork, which means that a bill or statement cannot be submitted to insurance companies or to you by our office without additional fees. If payment is not made at the time of service, our normal billed rate will apply to any statement sent to you requesting payment.

We reserve the right to charge for appointments cancelled without 24 hours advance notice. This includes appointments made for chiropractic services, massage, acupuncture or personal training. The fee charged will be \$40.00.

If any special or unusual financial considerations are necessary, please communicate these special needs to anyone on our staff who will be happy to direct to the director of patient accounts.

We look forward to providing you with the finest in personalized care. Thank you.

I authorize the release of medical or other information necessary to process this claim. I also request payment of government benefits either to myself or to the part
Listed above accepts assignment. I also authorize payment of medical benefits to the physician or supplier for services listed above.

Treatment and Care Informed Consent for Chiropractic

I hereby request and consent to the performance of chiropractic adjustments and other chiropractic procedures; including various modes of physiological therapy, diagnostic X-rays, exercises, massage therapy, acupuncture and nutritional supplements/dietary recommendations which may be used for me (or on the patient named below, for whom I am legally responsible) by the doctor of chiropractic named below and/or other authorized licensed doctors of chiropractic or persons who might now or in the future treat me while working or associated with, or serving as back-up for Dr. Daniel T. Murray at the clinic or office listed below or any other office or clinic.

I have had an opportunity to discuss with the doctor of chiropractic named below and/or with other office or clinic personnel the nature and purpose of chiropractic adjustments and other procedures. I understand that results are not guaranteed.

Although spinal manipulation/adjustment is considered to be one of the safest, most effective forms of therapy for musculoskeletal problems, I am aware that, as in the practice of medicine, in the practice of chiropractic there are some risks to treatment. This includes but is not limited to: soreness, dizziness, fractures, disc injuries, strokes, dislocations and sprains. I do not expect the doctor to be able to anticipate and explain all risks and complications, and I wish to rely upon the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known to him or her, is in my best interest. I understand that I am responsible for monitoring my own condition throughout the treatments and will inform the doctor of any unusual symptoms that might occur.

I have read, or have read to me, the above consent. I have also had an opportunity to ask questions about its content, and by signing below I agree to the above-named procedures. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
